

NYC on the 9th of May

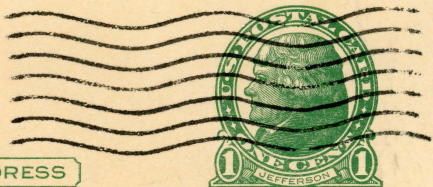

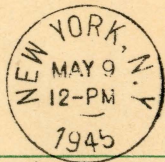

Thanks, Katrine for the clipping with all the details of the story of 'monJrs' restoration unto his Dad protection and comfort. All the papers here had something to say, but none as complete as your story; sent it to Mrs. S in Sf who is a great admirer of AgC. She had sent me a  $\frac{1}{2}$  stickful appearing in SF papers. Alls well that ends well; hope it is for Junior; Love to you & Ruth
