Dear Mr. Carter,

I am overjoyed by the news! I know it must have been the greatest moment in your whole life. The enclosed radiophoto from the New York Times is probably finer than any picture in any gallery in the world in sentiment. However, the photographer foreshortened and got an odd pose but there is no denying the happiness in both your faces.

Incidentally, I received a tub of pecans which were both delicious and timely. Thank you very much!

I want to thank you again for all the nice courtesies you extended me when I was in Fort Worth and I hope to be there again soon to see Amon, Jr., Ruth, and yourself.

With every kind wish, I am

Very sincerely,

Harold Crookes
