Dear Mr. Carter:

No doubt by this time you have returned from your trip overseas; and trust you found Amon, Jr., in good health; and also, that it won't be too long before he will again be with you.

I am wondering; and of course this is so far-fetched; did you by any chance hear or see anything of my brother Lt., Teddy Roggen. As you already know he was with John Jones and Amon, Jr., and we have had no word from him since January. Naturally, my family is very anxious to just hear of him. I have seen a few of the boys who escaped; and are now home; however, they last time they saw Teddy as well as the other boys was on January 21st. I am sure you know just how we feel.

Would certainly enjoy hearing from you if at all possible; and with all kinds of good wishes, I am

Yours very truly,

*Minnie Roggen*
