Attention: The Hired Hand

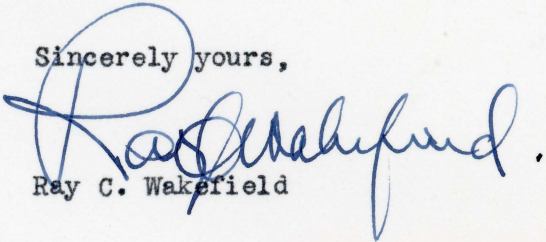

Gentlemen:

I was very pleased to receive the pecans which you sent a while back. I was away at the time, but there were still some of them left when I got home, and I have been enjoying them.

I was very pleased to see a picture of the reunion of Colonel Carter and his son in Europe recently. I know it was a happy occasion for both of them.

With cordial good wishes, I remain

Sincerely yours,

  
Ray C. Wakefield
