A TRUE MOTHER

A mother is like the sun that warms the body,
 A mother is like the restful dark at night,
 She is what broken bread is for the hungry,
 She is like fountain water filled with light.

So give her the shining jewels of endeavor,
 And give her the warm red rubies of your love,
 Then bring her the clean white diamonds of pure living--
 These are the gifts she will be mindful of.

Grace Noll Crowell
