Lt. Philip D. McIntyre,
205 Spring Street,
Shelbyville, Tenn.

Dear Lt. McIntyre:

As you probably have noticed from press reports, Mr. Carter is with a group of newspaper people inspecting the atrocity camps in Germany; therefore, I am acknowledging in his absence your letter of May 10 and sending to you some clippings from the Star-Telegram which will give you all information that we have concerning Amon Junior's liberation.

It is nice to know that you are back with your family, and we are anxiously awaiting the return of Amon Junior. Lt. Colonel A. A. Yardley was in the city yesterday and I had a nice visit with him. He has been assigned some special duty in the Latin-American countries and was quite happy over the opportunity of going on this trip. If you should be in this part of the country at any time, be sure to call Mr. Carter's office.

With best wishes, I am

Yours very truly,

Secy. to A. G. Carter.
