Honorable Amon Carter  
Fort Worth, Texas

Dear Amon:

I saw an article in the Washington Star, accompanied by a picture of you and your son, describing your meeting with the old boy when he was just freed from the German prison camp.

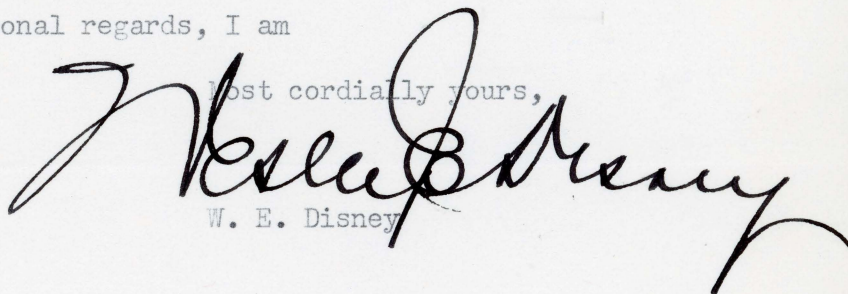

Mrs. Disney and I decided that I simply must write you to express our interest and congratulations that your son got out of that scrape safe and sound.

I hope that the German treatment of prisoners was not as bad as it sounds, but I am afraid it is even worse.

I hope that some time when you are in Washington or Tulsa when I am in either place, you will give me a ring.

With warm personal regards, I am

Most cordially yours,

  
W. E. Disney
