Hon. Amon G. Carter,
Forth Worth, Texas.

My Dear Mr. Carter:

Since your boy and mine were captured near the same place and at the same time in South Africa and confined in the same camp I have felt for more than two years now that I knew him, particularly through Keith's letters.

I am just writing a word to say that I am deeply thankful that you have him back. We have heard that Keith has also been liberated. This is a joyful time for both of us.

I hope that the time may come when I can meet you both.

Sincerely yours,

Amon Willis
