Dear Mr Carter:—

Was truly good news that you and Amos had both landed safely home.

We are sure your trip was an interesting story with a very thankful and happy ending. Bob's letters are filled with experiences that he can hardly realize has been his good fortune to have. He feels that you have been a real Godfather.

Mr Carter is a grand person and always a close friendly feeling for Amos and Johnny.

in his letter.

We are patiently waiting his arrival. So glad that he could see Paris and enjoy your wonderful hospitality. Such a grand opportunity for any young man and we are proud that Bob was one of fortunate ones and sure his playing along the way with you has delayed his arrival home. But that's alright with his mother & father. Mr. Feury and I have had much in common with you the last two years - you have been so understanding

and helped us over some
dark and trying months.
We will always feel grateful.
We share your happiness
in having your own
Dear Son with you.
May we say two words -

Thank you

and from the depth of our
Hearts -

Sincerely

Mrs Henry.
