

June 8, 1945.

Mr. Percy J. Ebbott, Vice President,  
The Chase National Bank,  
18 Pine Street,  
New York 15, N. Y.

Dear Mr. Ebbott:

Your memorandum dated June 1 received and I am delighted to know that you received such wonderful news concerning your son's welfare as promptly as you have, although it may have seemed ages to you.

At the time your inquiry came the information was forwarded to Bob Wear, Star-Telegram war correspondent, and it was received while Mr. Carter was with him in Europe so when Mr. Carter returned to New York the writer asked him about your son and he advised that they were making every effort although it seemed like hunting a needle in a haystack. Mr. Carter is still in New York but Amon Junior has been home a week and we have certainly been happy to have him here and to know that he has come through the ordeal in fine shape although quite nervous.

With best wishes, I am

Yours very truly,

Secy. to A. C. Carter.
