

Maj. Horne

1. The routine & most rapid procedure for evacuating the US Ex-Prisoners of War now with Mr Carter would be to send them to the Hildesheim PW Camp for processing & air lift to Le Havre.

2. In case Mr Carter desires to transport certain of the ex-PW's with him, he may do so provided:

① That he leaves me a list of Rank, Name, Serial No of each of the ex-PW's he takes with him. and

② That those ex-PW's hit Le Havre for documentation (pay, service record, etc) prior to their departure to the USA.
