Mr. Amon G. Carter,
Fort Worth, Texas.

~~K~~

Dear Mr. Carter;

I have received your letter and you may be assured that it contained news of my husband, which was gratefully received by me, since I have had no letter from him since the last of January which was written December 25th from Stalag VIIA. Naturally I had no idea as to his removal to some other camp.

Last Sunday's S.A. Light carried an article on evacuated German War Prisoner Camps and mentioned Oflag 64's evacuation with a number of other camps. No doubt you have had the same information. Naturally we hope that Capt. Rickart and also your son were among those reported as having been taken by the Russians, however so far we have seen no list of these officers. My husband is in the Infantry.

Thanks again, for your kind letter and also for your personal

interest. Your letter brought the
first news of him I had had for some
time. Any further news will be
likewise appreciated, and if I should
have any further news - I will be
only too glad to pass same along
to you.

Sincerely,
Mrs S. D. Richart
