Dear Miss Roggen:

In reply to your letter of October 19, which has been received during Mr. Carter's absence from the State, permit the writer to advise that Lt. Meadow of Alabama sent Mr. Carter several kodak pictures made in Oflag 64 Germany and I presume are similar to those you refer to as having been sent by Lt. Webb; however, if it isn't too much trouble and Amon Junior appears in any of your pictures, I am sure Mr. Carter would be very happy to have you send him a set and naturally will compensate you for any expense you may incur.

Colonel Drake, the senior officer of Oflag 64 has just been repatriated and Mr. Carter visited with him about a week ago in New York. It is my understanding that the information was practically the same as that brought back by Larry Allen.

Thanking you for writing and with best wishes, I am

Yours very truly,

Secy. to A. G. Carter.
