My dear Mr. Carter:-

Thank you very courteously for your kindness in wiring me Will Rogers' address. I have known our mutual friend, Will, for many years and he thinks the world of you as does our other mutual friend, Jack Dempsey. Jack was here about a month ago and he told me all about you. He thinks you are one of the greatest fellows on earth, and I want to have the pleasure of meeting and knowing you sometime, myself.

Again thanking you for your kindness in wiring me Will's address and with cordial good wishes, I am,

Sincerely yours,

BIRNEY IMES, PUBLISHER.
