Mr. Amon G. Carter,
Fort Worth, Texas.

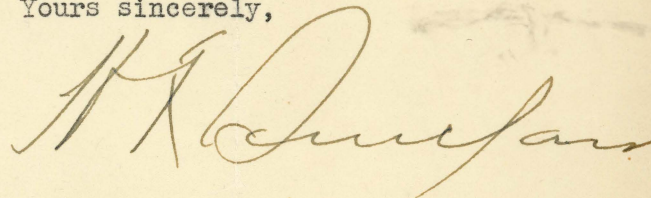

Dear Amon:

I wish you to know that I enjoyed very much the delicious dinner and the pleasant hours I spent with you when in Fort Worth. You were damned decent giving to me so much food and allowing me to say a word occasionally. However, I shall never forget the wicked way in which you picked my pocket for \$500.00 plus \$20.00 plus the only becoming hat I have owned for a long while. It is with much pride I am now wearing the new hat that you substituted for the old one.

I will be in Miami a few days next week and hope to drop over to the race track and make enough money for my summer vacation. If you are interested and wish to make an investment, please wire the cash to me you wish to invest and I will use my very best judgment, commission on all winnings fifty percent, client to pay all losses.

Trusting that I may have an opportunity to see you again in the very near future and with kindest personal regards I beg to remain

Yours sincerely,

HFS
