Mr. Amon G. Carter,  
Hotel Ritz Carlton,  
Madison Ave. & 46th Street,  
New York, N. Y.

Dear Amon:

I am returning the annual report you handed me yesterday. While it doesn't seem reasonable, nevertheless, Jim Burton told me that he could see after going over the report why there would be no federal taxes to pay. It seems incredible to me, but nevertheless that was his answer.

Here is what I own in Reagan County:

An undivided 5 acre mineral interest in Section 1218 L. B.  
Plat Survey

- 15 acres in Section 1219 D & SE Survey
- 5 acres in Section 1217 D & SE RR Co. Survey
- 10 acres in Section 1216 GS & SF RR Co. Survey
- 5 acres in Section 1212 D & SE RR Survey
- 10 acres in Section 1214 L. B. Plat Survey
- 40 acres in Section 1210 D & SE RR Survey

Section 1210 seems to be the hot one as it lies just east of a sub surface structure that has been worked out in Section 5.

Now you have the legal description and I shall await your fatherly advice.

Yours sincerely,

*Jim*
