Dear Mr. Carter

A mail from Mrs. Sibly has just informed me of your great misfortune. I am terribly sorry for you and sincerely hope that you have received some definite news by this time.

Life here goes on about the same as when you were with us. We finished up our work for that show and according to the reports everything is well on the road to write finish to that chapter.

Mrs. Sibly was most thrilled with your cable and I certainly want to thank you for including my name. She joins me in extending to you our heartfelt sympathy.

Sincerely yours,
C. Roland Sibly.
