Mr. Luman G. Carter
Fort Worth, Texas
Dear Mr. Carter,

I want to thank you for being so kind and thoughtful to write me such a nice letter and send me the dinner menu that George sent to me. I want you to know too the telephone message I had from your home was deeply appreciated.

I get so anxious for news at times about my husband and any word means so much. I have had few letters since he and his men arrived in Africa. He is so tired of the rain!

Any time you could send me any word of the 91st A. F. Bn. I would surely appreciate it and pass the word around to the other officers' wives here that I know. You probably will get news when we write.

I know you must have some
thrilling trips. We bought Texas
newspapers here trying to find some
of your writings but didn't find the
right paper. From your letter we know
which paper you have now.

Thanking you again, I remain
Very Sincerely

Mrs George M Stepp

P.S. Did George send any film back with
you? If he did I imagine you could
not bring it in the country.
