

11 March
69 College Place
Hampton - Va.

Dear Mr Carter,
You and 'Amm have
been constantly in our thoughts
and prayers since Charlie landed
on the first day of this month.
He has longed to call you but his

hands were tied by the War Department
order. He put the call in for you
as soon as we received your first
telegram. The second one did not come
until after he talked to you.

Charlie shares your worry about
your boy. He has told me over
and over again - "I do not believe
he was killed. I think he is a ^{Capt.} ^{alive}
It was hard to have this dreadful
thing happen, but I firmly believe
we will live to avenge Fred

Pass. Hold the thought that
Amos will be all right. We
must believe this and he will

be. Charlie says he has developed
a great deal. He is a splendid
reconnaissance officer. He was
not alone on that hill. Some
of his section were with him.
Perhaps six.

Now that the War Department
has notified you Charlie is at

liberty to tell you anything he
can find out. Of course he will
call you at once if he has any
news.

God has greatly blessed us to
have Charlie return to us safe
and sound. I hope and pray
that you will also be so blessed

Charlie was brought back to
be head of the Department of Tactics of
the Armored Force School at Ft. Knox.
He does not feel this is permanent and
expects to return to the front later on.
may God bless and comfort you
in Carter. Julia Reeder Summell
