

Jan. 4, 1943.

Mr. Amos G. Carter,  
Fort Worth, Texas.

My dear Mr. Carter:

Dr. Talbot and I do feel deeply grateful to you for your kindness and interest in Green's welfare. We thank you so much for the messages sent from British Isles to your Secretary who, at your request, phoned. It certainly has meant more to us than we can ever tell you. I know that I express too the feeling of all relatives and friends here who have likewise heard through your thoughtful generosity, and of our boys who feel that, through you, they have had the privilege of a personal touch with those at home.

May the New Year have for you  
and yours all the richest blessings  
that can come to a most  
outstanding citizen and patriot of  
not only Fort Worth and Texas,  
but of our America and her Allies.  
I am sure our boys will so remember  
you always.

Our prayer is for early victory,  
health and happiness, and a  
speedy safe return of your son,  
and all the boys over there.

Sincerely,

Rose A. Talbot,  
(Mrs. W. O. Talbot)
