Texas

Dear Mr. Carter:

In the May 5th edition of the N.Y. Evening Sun, there was an article concerning your son's liberation and your meeting him at Luckenwalde Prison Camp in Germany. The "Sun" stated "with Lieut. Carter were two other Americans who had been with him since his capture". One of those boys is my brother-in-law Private James F. Thill of Hoboken, N.J.

This bit of news was just wonderful for us to read. In fact it is the only tidings we have had about James since his last letter to us dated Nov. 11, 1944, which we received in March, 1945. So you can see how very anxious we all are to learn of his whereabouts.

Would it be assuming too much to ask you to advise us as to the physical condition of James and his destination?

We would deeply appreciate any information you could give us regarding James, and his entire family wish to thank you for your personal interest.

Gratefully,

(Mrs.) Helen A. Thill
