

Feb 3 - 1944

Mr. Brown & Carter  
Ft. Worth Texas.

Dear Sir; -

A few years ago I was attending the First Officers Training Camp reunion in Ft. Worth and had the pleasure of attending a barbecue out at your camp also hearing your talk that night. In the years since that night I have often thought of it for the things you talked about and warned us have happened with of course many more things. Mr. Carter never did I dream that night of how close that we might become.

I can never express in words Mrs. Lawrence and my appreciation of what you have done for us. There is something away down deep in our hearts that is burning and crying out thanks and only wish that I might in some way let you know our feelings.

Mr. Carter in our sorrow over the  
loss of our son, Capt Lawrence the load  
is made lighter by the many deeds of  
kindness from our friends.

We know your heart is heavy  
with thoughts of what your son Col.  
Carter is going through and hope that  
it will not be too long before you  
and he will again be together.

Thanking you again & remain  
our friend

R H Lawrence
