Ft. Worth, Texas.

Dear Miss Deakins:

I am writing again to thank you for the pictures of our boys funeral.

Since I received your last letter we have had quite a few more pictures made from them. Enough for the family to all have some.

I gave your last letter and the two groups of pictures to Francis Bond, Captain Bonds wife. I am sure that you have heard from her. She was

delighted that you had sent them. I have written to Lt. Meadows, opp, Ala., but have not received any answer.

It was nice I am sure to have received the information about Amos J. from some one who had seen him.

We have received some enlargements of the some pictures from Mr. John J. Jones, Rice Hotel, Houston. I wondered if he is a brother of Col. Jones, the little man with the mustache in the front in the group picture of Texas men.

I am sure these pictures were all taken at or after the funeral as Dick was not in any of them and I suppose

that Amon jr. must have taken them.

I hope you are still open to get letters from him and that he is hearing from you and Mr. Carter and the others that mean so much to them. I do not believe that Dick got any of our letters, even if they did not come back.

Give our best regards to Mr. Carter if he is in town. We are deeply interested in the Camp and always appreciate news of it. We know so many there and some day we plan on moving Dick's folks home.

Sincerely

Mrs. R. H. Jarrell.
