BENEFITS TO CERTAIN DEPENDENTS OF MISSING,
CAPTURED, OR INTERNED PERSONNEL.

Public Law 490, 77th Congress, as amended, makes certain provisions for the support of dependents by allotments from the pay of persons in active service who have been officially reported as missing, missing in action, captured by an enemy or interned in a neutral country. In general the act provides for continued payment of allotments previously made by the persons for the support of his dependents or for payment of his insurance premiums and for increased or net allotments when necessary for such purposes. All such payments are charged against the pay of the missing persons.

The dependents eligible to receive allotments for their support include legal wives and unmarried children under 21 years of age; also other relatives who are in fact dependent upon the missing person for their chief support including mothers, step-children, adopted children and such other relatives as may have been designated by the missing person in any official record as dependent upon him.

Eligible dependents of the missing person who can establish a need for an increased or new allotment of his pay for their support or for payment of his insurance premiums are advised to contact the nearest local Chapter of the American Red Cross which will assist them in the preparation and submission of applications for any of the benefits of Public Law 490, as amended, to which they are entitled.

It is presumed you will transmit the information in this memorandum, to other relatives of the missing person who should be informed.

Inclosure No 1.
