

Brown Wood Texas

May 2, 1943 -

Dear Mr Carter.

You will never know how much your letter and the clippings were appreciated, but let me try to thank you.

Thursday April 29th we received a telegram from the war department informing his mother that Robert W. Stewart is a prisoner held by the Germans on German territory and saying a letter will follow.

Knowing that he is a live and may some day be restored to us is a

great help.

Thanking you again
for your kindness, and I
had to tell you of the
news from my nephew.

Respt.

Mrs Wesley Wilson
