

Nite letter- pd chg Star Telegram

Sam Rayburn

House Representatives

WASHINGTON D C

The picture of Speaker Martin congratulating you, which we saw in the Star-Telegram this afternoon, reminded us of other things besides your birthday--- particularly what a great fellow you are, what a good friend, and how fortunate Texas and the nation have been for so many years in having you in Congress. We hope you have many more birthdays and that the State and nation may be so fortunate as to continue having you serve them.
