Mr. Amon Carter,

Dear Mr. Carter:

I am enclosing copy of a letter to the
Provost Marshal General, which is self-explanatory.
You can see that the boys have evidently been
moved, and I am sure Amon, Jr. is with R. C.

I tried to call your office at noon today,
but couldn't, and, as I am on the Grand Jury, I
will be unable to try again this afternoon.

I will forward any information I might get
on to you.

Sincerely,

R. C. White

Provost Marshal General Lerch,
United States Army,
Washington, D. C.

Dear Sir:

I am in receipt of your telegram of September 30th., regarding the German propaganda broadcast in which my son, Lt. Roger C. White, Jr., was quoted.

Since receiving your telegram, we have had several messages from people who heard the broadcast, and they all gave us his address, which is different from the one we have. He has been at Oflag 64, whereas the new address is "Stalig 7A", according to the broadcast.

Please advise by Western Union collect if this is now the correct address, and if we should use this new address in writing to him.

Sincerely yours,

R. C. White
