Dear Dad:

Weigh 165. Spent the other morning picking cherries. Each table here has it's own garden. We're working on our now. Watched the peasants stacking wheat today - also some girls sunbathing. That was more interesting. Still reading lots. Captured two months ago yesterday. Sleep with two blankets every night. Hope everything OK at home. Hope war ends soon. I don't like prison life.

Love,

R. C.
