

Menard Texas
Nov 11-

Dear Mr Carter -

In a recent letter from my son Captain Charles Wilkinson he mentions your sons name among others as being ^{one} of the Texas boys in the same prison camp with him - the card was dated Aug 30. from Camp Oflag 64. I have heard since then quite indirectly that the boys from this camp have been moved to Stalag Luft 3. Do you have any such official information?

Our son was captured at Cassino last Jan. he managed to escape from the temporary camp but was recaptured before he could reach the allied lines and was sent to Oflag 64. in May. we had a short letter from Larry Allen after he was sent back to the states saying the boys were treated fairly well. however he wrote as if they did not have enough

food. we have of course sent
all we have been allowed to
send.

There dont seem to be much
reason for writing to you. only
knowing our sons are enduring
the same hardships give me
a feeling of wanting to write and
hoping you could give me
some news or information of
their life there that we have
failed to hear. and if you
could write us any thing we
would be so very grateful.
very Sincerely.

Mr & Mrs Charlie Wilkinson
