Dear Mr. Carter
Rec'd your letters today.
I've had two cards from Hoyle
since I wrote you last, one
dated June 25th + one July, 14th
He had gotten the parcel I sent
him in Jan but hadn't rec'd any
tobacco, I guess it doesn't bother
him too much for he doesn't smoke
or didn't up until about a year
ago, I know he just wanted
me to send it for the other wheel
boys. He seemed to be in better
spirits, he said he had a beautiful
flower garden said he had a
big white lily star in the center,
he also had his little private
garden said he had radishes carrots
mustard lettuce onions said he
was fairly dripping with vitamins.
I know he enjoys working with
them, he was always such a flower
lover, I imagine they are getting
in a pretty tight spot the

Russians are crowding the Germans
so not so far from them as it
doesn't look like from the map
that they are so far from our
khas obs. Any information
will be highly appreciated &
Thanks so much for this
information

Yours Truly,
Mrs. A. A. Gardley,
