Mr. H. Deakins

Dear Sir,

I rec'd the pictures yesterday and you have no idea how proud I was to get them, when I opened them up there was my precious Boy staring at me, I had to cry awhile & then I rejoiced to see how well they were clothed, That's my Boy on the left in the front row standing by the little man with the Mustache & then that's Him standing beside the casket the first on the left, Mr Deakins I want to have these developed I want to send my two girls one of each I'll send them back just as soon as I can get them back, Thanks so very very much for sending them, it's friends like you that makes life possible for mothers like me to carry on, Mr Carter's son looks

so healthy & fine, my Boy was  
never very heavy, He looks like  
He had lost some weight  
but I haven't seen Him in over  
three years, Time ages anyone,  
and He has gone through enough  
the four years He's been in the  
army to cause Him to look older-

I hope again

Yours Truly

Mrs. A. A. Yardley-
