

Rogers Sends Regrets

Star-Telegram :

I was invited to be there today to shovel some dirt on a new aviation building and there is no place I would rather be. For you should be the center of all aviation in that section, and if we can get Amon's mind off Washington and back on Fort Worth, why you can do it. I am sending him home to shovel his own dirt. I am going to the Kentucky Derby Saturday, and the Texas derby should be just as big event run at Arlington Downs. With these new fast planes you will see aviation take a big boost. Good luck to you all.

WILL ROGERS.
