October 30th 1934

Mr. Amon Carter,
Fort Worth,
Texas.

Dear Mr. Carter:-

The saddle you sent Mr. Rogers was brought up to the office today by the Shipping Agent. It seems it has been lying on the docks since the S.S. Santa Lucia arrived Sept. 17th. Mrs. Harris asked them to keep it for her and seemed very vague as to who the sender was and had not been back to give them any information, just where to send it. This information in case you should wonder why we had not acknowledged arrival of the saddle. I will see that it goes up to the ranch today.

Yours sincerely,

Daisy Tyler
Secretary
