Dear Sir:-

Mr. Carter, will you send me the issue of Ft Worth Star Telegram (today) describing Will Rogers fatal fall. I am spending summer here - in "up state" New York. We are at Nassau Gen. Del. I want the Texas issue, because I have so often heard Will Rogers on Radio speaking of you - when you would be in N.Y. or else where. The tragedy is beyond words. I only knew him on the "Air Waves" - he had no substitute - the one & only - one.

By the way, I've been to Saratoga Springs Spa. to see the 3D Stable horses run. I have seen Quadrac Bras twice - Don Meade - a wonderful jockey rode him - but - he came in "last" both times - a beautiful animal but - too heavy - I think. I shall be here @ Nassau until Sept 1 - Please send me the issue of today's paper.

And by the way, I'm really checking

on their Radio here. I wrote Eddie
Dunn of "Dough-boys." Doc Snider
& his Cowboys are here - booked full
up - till Oct 1 - and Marc Williams
of W. A. C. O. is @ Hartford, & they're ^{wild}
about him. Think what the Dough
boys would do!! See! they would
burn them down like a Texas Prairie
Fire.

W. G. Y. Schenectady is my Station
- only 20 miles away at General
Electric Co. No some outlet, No foolin.

But after all, we use less "canned"
music than they do here. But the News
Flashes every 2 hrs are wonderful to
listen to.

Thank you, in advance for my paper
and I extend my sympathy to you
Mr. Carter in the loss of your dear
friend - Will Rogers.

Sincerely,
Mrs. F. P. Peterson
Gen. Del. Nassau,
N. Y.
