To Amos G. Carter Esq.

Dear Sir -

Because of your close association with that most bearded character "Will Rogers" and having been asked to set down some of your thoughts of him.

I, after reading your more than beautiful Eulogy of this wonderful man, in the Los Angeles Times - wanted to express to you my sincere appreciation to feel and know that there are men with thoughts so noble, which your article has given out to the world.

In sincere appreciation

Yours Truly
