

December 8, 1935.

Dr. W. A. Madden,
292 Bush Bldg.,
Lubbock, Texas.

Dear Dr. Madden:

Your letter of December 4th together with a photograph of a carving on leather of Bill Rogers, received during Mr. Carter's absence from the City.

It is hoped he will return in time to see the display in the First National Bank as he missed the opportunity of seeing the other display you had here. The matter shall be called to his attention upon his return.

Yours very truly,

Soc'y. to Mr. Carter.
