Mr. Amon G. Carter
Ft. Worth, Texas

Dear Mr. Carter:

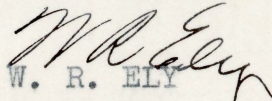

Mr. Homer P. Lee, Milam Building, San Antonio, Texas, was in my office today and expressed a desire to actively participate in raising funds for the Rogers Memorial.

Mr. Lee is an oil man and rancher. He formerly lived at Muskogee and later at Tulsa, but for several years has been in San Antonio and is operating a large ranch near Hebronville.

Mr. Lee said that he would go anywhere and bear his own expenses. He is simply a great admirer of Will Rogers and wants to do his part. I wish you would have the person in charge of raising these funds in Texas, contact Mr. Lee and turn part of the state over to him. I think he would raise a very substantial amount of money. I can absolutely vouch for his integrity. I first met him during the oil boom in 1918 when he was sent here by the Carter Oil Company and when he had charge of their land department before the Humble purchase. Since that time, and now, Mr. Lee has been connected with the Sun Oil Company. Mr. J. Edgar Pew can tell you something of Mr. Lee.

With best personal regards, I am

Your friend,

W. R. ELY
