Mr. Amos G. Carter,
Executive Will Rogers Memorial,
Ft. Worth, Texas.

Dear Mr. Carter:

Here verily is the
"widows mite" in comparison
to all your other contributions
but as I, and my family,
loved "Our Will" I want to
be among those to subscribe
our few pennies.

Post I have been to the
Callor-Times office to leave
same but Mr. Kunkel, in
charge of fund was out.

So I walked over to the
Post Office, having no car
nor like accessories and
obtained P.O. Money order

and hope "my bit" is not too late to go in the general fund.

I am enclosing list of names starting with my dear dads name and on to my aunt and aister, ^{husband} my children and last but not least my dear little grand daughter, Peggy Jean.

Do wish the sum sent could be a million, no one deserved it more for his (Will's) noble soul and character did so much for us. (Especially when we were blue)

How we miss Will! and I was thinking when

the NBC studios in Hollywood were dedicated last Sat. night that the program was incomplete because of his absence.

I thank you from the depths of my heart for accepting this small gift, as I know you will.

Wish I could be a "big enough somebody" so I could suggest creating a ^{loan} fund for worthy students to draw from when wanting so much to attend school and college.

We have had such a struggle the last few years giving our children an education.
Sincerely, Mrs. H. L. Olsen 515 Last St.
