

The Texas section of the Mathematical Association of America will meet in the Brite Clubroom Jan. 31. The morning session will take care of research papers. The afternoon session will consist of a report of the committee on the mathematical curriculum in the high schools, and the preparation to be required of prospective teachers of mathematics. Several papers on the teaching of college mathematics will also be read. A banquet will be held in the evening, the main speaker to be President Edgar Odell Lovett of Rice Institute.

####

"Zaraqueta," a play, edited with introduction, direct method exercises, notes and vocabulary by Dr. Combs and Dr. Ascher, has been published.

####

The Journal of the American Chemical Society from Volume 1 (1879) through the 1930 issues has been added to the T. C. U. library. Some of the early volumes came out of the library of the first president of the American Chemical Society.

####

####

Faculty sponsors of organizations should see that the social calendars are in the hands of the social committee for approval early in February.

####

Dr. Whitman and Dr. D. M. Hurt of the University of Iowa had an article in the December issue of the Journal of the American Chemical Society on "The Conductivity and Viscosity of Solutions of Lithium Nitrate in Certain Binary Alcoholic Systems."

####

The Workers' Conference of the University Christian Church will meet at 4 o'clock Sunday afternoon Brite College.

####

George F. Townsend, experienced photographer, gave a lecture to the physics class in photography, light and sound Friday afternoon. He illustrated the actual taking of portraits through the proper lighting to bring out the molding of the face. The very latest devices were used including the Edison photoflash lamp. The life of this lamp is 100th of a second. The lecture was open to the public.

#####

Mrs. Cahoon wants a special rehearsal of the faculty men's glee club Wednesday afternoon at 3 o'clock in Room 306. The rehearsal is for the concert to be given at the East Dallas Christian Church Sunday, Feb. 15. All faculty men please come. Transportation will be furnished for the concert in Dallas.

#####

Miss Bucher will play for the program of the Music Study Club at the Y. W. C. A. building Jan. 30. Texas composers will be featured on the program, and Miss Bucher will play a group of Dr. Guelick's compositions.

#####

The attention of the men of the faculty is called to the men's class each Sunday morning at 10 o'clock, Room 1 in the basement of the administration building. Next Sunday Dr. Lockhart will discuss the book of Jonah.

#####

The T. C. U. Science Seminar will meet Monday evening, Jan. 26, at 7:30 o'clock in the biology laboratory. Dr. Whitman will read a paper on "Some Studies on Electrical Conductivity and Viscosity."

#####

**Staff name redacted** is rapidly improving in health after her operation during the holidays. She is at her home, 2615 Princeton.

#####

Follow the Band to church Sunday night for the University Religious Fellowship program. A trumpet solo by Ernest Croft and a violin solo by Albert Luper will be featured on the program. Two hymns written by Prof. Sarmis will be presented. Dr. Elliott, sponsor of the band, will have charge of the devotional services.

#####

DROPS

The attention of the teachers is called to the rule concerning grade reports on students who have quit courses. The word "Drop" is an official one. If you receive notice from the Registrar's office that a student has dropped a course, you will please make note of this. If he was failing at the time of the drop, you will show that. If he was passing at the time he dropped, please note that on the report. If a student quits coming to class and you have no notice of a drop, then you will give him the grade of "F".

-----

USE OF ENGLISH

Your attention is also called to the column provided on the grade report sheet for indication of the students' use of English.

-----

At the last meeting of the study group of the T. C. U. Mothers' Club Mr. Tucker talked on the subject of "Why Youths Fail in College."

-----

The current issue of Religious Education in the main library is on the general theme of campus problems. Among other good articles it has the following that should be of interest to many of our faculty: "The University of Chicago Plan."
