

T. C. U. FACULTY BULLETIN

Vol. III

February 19, 1932

No. 21.

After much delay the Summer Term faculty has been arranged. The final action was withheld until after the meeting of the Trustees, in order to check on the finances.

As usual the policy is to hold the offerings low enough to make the classes of justifiable size; and to pass the summer work around among the teachers. In most cases each teacher will teach only two classes.
