The examinations for the graduates and seniors for the June group 1932 will begin on Wednesday, May 18th, and all grades will be turned into the Registrar's Office not later than 4 p. m. Monday, May 23rd. Junior and senior students of the August group who are in graduate and senior courses may have their examinations along with the June group.

ABSENCES FROM CLASS: We are trying out a new policy in transmitting reasons for absences from class. In the Faculty Bulletin each week there will appear an alphabetical list of the students who have been absent the previous week, giving the dates of the absences and the reasons therefor.

After this practice has been tried out for the rest of this long session we shall appreciate a reaction from the teachers as to the advisability of this method rather than the method of sending them out day by day. This method is being inaugurated because it will reduce the amount of time necessary to get the notices of the absences to the teachers.

--E. R. Tucker, Registrar
