Sunday's Fellowship program will be "In Honor of Mothers," and will be presented at 6:30 o'clock in the evening in the University Auditorium.

Prof. R. A. Smith reports that the education department will sponsor the Fellowship program for May 15. "What Part Does Intellect Play in Religion," will be the theme of the meeting.

The date for final examinations has been moved up to May 27 to June 2, inclusive. The cabinet took this action because in the catalog June 3 as the last day of examinations conflicted with the same day as the first day of summer school.

Examinations for June seniors are to be given during the week of May 16, the time to be arranged by each teacher. All grades for these seniors must be in the registrar's office by 4 p. m., Monday, May 23.

The time of the year has arrived when students will be making requests for early examinations. We have a very definite rule with reference to this particular item. A student who can not remain for any or all of the examinations will take them later and pay a fee of \$2.00 for each examination. The time of the postponed examination to be arranged between the student and his teacher. If you have any persistent cases, kindly send them to the registrar's office.

--E. R. Tucker.
