Dear Amon:

The pictures you sent are very good and thank you a thousand times. I'm sending two of them to Jim and his wife.

You were sweet to go out to Amarillo. The children have told me of their nice visit with you and of your kindness to them in Fort Worth.

Just talked to Mary who is in Paris, but will be home sometime in October. She is with a schoolgirl friend and they have had a wonderful trip.

Bill is back in the harness and doing a good job too.

Give my love to Mrs. Carter and your darling children. It was good to have news of them again.

We think of you often and have missed you in California. It's been a long time since you were here. If you do not get out this way before I go east, I'll certainly drop by to see you.

Love to you and to Mrs. Carter.

Sincerely,

Betty Rogers
