Dear Mr. Carter:

It is a source of much satisfaction to those of us who have some responsibility for the operation of The University of Texas to learn that this institution is to be entrusted with a sum of money from the Will Rogers Memorial Fund.

I am sure that you had much to do with that enterprise and I wish to express my personal and official thanks to you and your co-workers for this evidence of your interest and confidence in The University of Texas.

It is my fond hope that, in the next few years with the aid of the leaders in public and private life, we may bring all the people of Texas to see that it is not only necessary but mandatory that Texas shall have not only a "University of the first class" but the first in its class.

Sincerely yours,

J. W. Calhoun, President
