Mr. Amon Carter  
Fort Worth, Texas.

Dear Mr. Carter;

I am glad you liked the photo of my painting of Will Rogers which I sent you. It was Betty Rogers who prompted the sending of it. You probably saw it in the Saturday Evening Post with her first article.

In a chat with Ed Bohlin monday night he told me of the Will Rogers Rodeo you are to hold at Fort Worth and the suggestion was made that possibly you might like to show my other recent painting of Will in the Star-Telegram window during the Rodeo period. (the picture is 3 x 4 feet in size, this photo shows it)

The only string attached is that you will accept the crate "express collect, plus insurance charge on \$1800 valuation, plus return cost ditto)

I had better mention that the cowboy on the other horse is Will's old pal Eddie Vail. The pony Will is riding is, of course, old Soapsuds. And all my paintings of Soapsuds are done from life.

The painting is just out of a month's exhibition at Santa Monica and if you want it, wire me and I'll have it shipped at once.

Please know that I hope the Rodeo will be the Howling success it should be, and I remain

Sincerely yours,

*Clyde Forsythe*
