

THE SCULPTORS' WORKSHOP  
5-45 FORTY-NINTH AVENUE  
LONG ISLAND CITY, N. Y.

Mr. Amon G. Carter  
Fort Worth Star-Telegram  
Fort Worth, Texas.

June 4, 1946.

Dear Mr. Carter:

Please forgive me for delaying in sending you the estimate you requested for another cast, in bronze, of the Will Rogers Equestrian Statue.

The war has caused many dislocations in the workshops which executed sculpture. We are just now beginning to accomplish a reorganization and are able to see a bit more clearly through the fog.

From what it would seem at this point, the casting of said equestrian would cost in the neighborhood of \$7.500 to \$8.000.

I shall write to you again soon and let you know the price definitely.

Meanwhile, with very best wishes, I am,

Sincerely yours,

*E. Quattrocchi*
