

T. C. U. FACULTY BULLETIN

Vol. IV

January 20, 1933

No. 14

Faculty members are requested to urge all students to register at once for the second semester, to avoid congestion at the last moment. ---S. W. Hutton, Acting Registrar.

The following books are among the missing, and some teacher may find them in an office collection: Hegel, Science of Life--Vol. 2; Creighton, Introductory Logic--Copy 4.

I shall be glad to have these turned in if found.

---A. R. Curry

Dr. Rebecca Smith and Miss Mabel Major will teach a new three-credit course during the spring semester. This course (English 134), "The Literature of the Southwest," is a survey of trends and writers, with original investigation in the T. C. U. Library, the Fort Worth Carnegie Library, the Fort Worth Woman's Club Texas Collection, and private collections. Juniors and seniors are eligible to sign up for it. The advantage is that the student will have an opportunity for creative writing, using regional material. ✓
