

T. C. U. FACULTY BULLETIN

Vol. IV

January 27, 1933

No. 15

The plan for operating the summer term as proposed by the faculty was approved by the Executive Committee of the Board of Trustees.

Each departmental staff will please have a conference, and confer with the dean, for decision as to the definite courses to be offered. An early catalog has advantages.

The pre-junior committee is sending to the juniors soon a message explaining the new division into honors candidates and general candidates. It is time for the teachers to give attention to special direction to the work of the honors students. Caution should be observed not to make extra assignments a mere additional burden of tasks. They should be such as fit the program of the individual student. He should be made to feel it as a welcome and beneficial addition.

Special projects, out of the ordinary, should be reported to Dr. Lord, chairman of the committee, for the good of all.

---Dean Hall

The English placement test will be given Tuesday, Jan. 31, at 10 o'clock.
