Concerning the Catalog and registering for next year:
The new catalog copy is only now going to press and will be out late. For use in enrolling students for next session, a schedule is being prepared and will be available at once.

But we need also a statement of new courses. We are therefore requesting each department (1) to hand Dean Hall a list of the next year's courses which are not described in the old catalog or which have new numbers. He can get this from the new copy but might miss some, (2) to post on the Bulletin Board a statement of new courses available next year if desired.

---Dean Hall
