If any member of the faculty is interested in European travel for this summer or knows of a friend who has such an interest, we shall be glad to have the name in the Registrar's Office. This is the year of the 300th anniversary of the Passion Play at Oberammergau, Germany and there are several very attractive offers being made through the World Travel Study Club. For full detail, Consult the Registrar.

The annual Nation-Wide Sophomore test will be given April 23, 24, and 25. Detailed announcement is posted on the bulletin board and will be next week's Skiff. Sophomores will be excused from classes on Tuesday and Wednesday mornings and classes consisting of Sophomores largely should be omitted on these days. This is not needed on Monday since that is for foreign language.

May we insist on all members of the faculty observing the following rules necessary to close check up on detail in the Registrar's office:

1. "Drop" is an official term. Do not drop a student from your roll until you have official word from the Registrar's office. It complicates bookkeeping both here and in the Business Office.
2. To be retained in class you should have in hand a white card for every student. Grades were turned in on several students at mid-semester for whom the teachers did not have white cards.
3. When a student has been absent as many as three consecutive recitations be sure to report same to this office so that we make inquiry about reason for absence.

S. W. Hutton

The Business Office sends out notices to teachers asking that some student be dismissed from class to go to the Business Office. This is done only in extreme cases, hence it is very important. Teachers will, of course be thoughtful and render this assistance.
